Grand Duke Vladimir, commander of the military district of St. Petersburg, has issued an order of the day ordering the trial by courtmartial of Captain Davidoff, of the Seventeenth battery of the First regiment of horse artillery of the guards, and three other officers and three men of the First battery artillery brigade, in connection with the firing in the direction of Emperor Nicholas of a charge of case shot at the ceremony of blessing the Neva Jan. 19.

The Grand Duchess Elizabeth has been appointed commander of the Fifth Kieff grenadiers in succession to the late Grand Duke Sergius.

The decision of the North Sea commission has not yet been officially made made public here, although it is understood that word has been communicated to the foreign office and amiralty. While the prevailing impression from foreign dispatches is that the Russian squadron under the circumstances was justified in firing on the trawlers, and there is consequent rejoicing over the discomfiture of the British. Another version of the verdict comes from Paris from a private source, according to which the committee found that the firing was not justified and fixed the responsibility on Admiral Rojestvensky.

It is reported that Maxim Gorky, the Russian author and leader of the reform party, who was imprisoned in connection with the rioting in St. Petersburg, will be released today on $2,500 bail.

War in the Balkans.

The Vienna and Vistula railroad continues tied up. The military occupy the gas works the employes of which threaten to strike tonight.

A policeman was shot and killed by a student in a disturbance at the Vienna railroad station today. The police attempted to disperse the great crowds which had gathered there and arrested a student. The mob tried to rescue him, and a policeman drew his sword, whereupon a student killed him and disappeared in the crowd.

Cossacks and infantrymen are guarding the telegraph lines of the Warsaw and St. Petersburg railroad fearing that the strikers will cut off communication between the two cities.

TUNNEL THROUGH ALPS DONE.

Work Has Been In Progress for Ten Years—Will Open March 20.

Gondo, Switzerland, Feb. 25.—Piercing of the Simplon tunnel through the Alps was completed at 7:30 o'clock this morning. The work was commenced in 1895.

The meeting of the two boring parties—Swiss and Italian—was signalled throughout the Switzerland by ringing of church bells and salutes by cannon.

Many unexpected obstacles were encountered, the most serious being Hot Springs, which threatened to wreck the whole enterprise, and a temperature which at one time rose to 131 degrees Fahrenheit, making a continuance of the work impossible until the workers found means of cooling the atmosphere.

Now that the borers have met it will enable the water accumulated in the north gallery to be drawn off.

The work of preparing the tunnel for a permanent way will be pushed as rapidly as possible and it is hoped to inangurate the tunnel about March 20.

This evidence I shall present to the grand jury."

This is the statement made by Attorney H. M. Shabad, of the Iroquois Memorial association, who will start for New York Thursday. He will give what testimony he already has to the grand jury.

Shabad, who lost two children in the fire, intimates that he believes that emissaries of theatrical men are "shadowing" him.

NO MORE FLOWER FOR SENATORS

The House Busy Considering the Sundry Civil Appropriation Bill, While the Senate Is Still Debating Statehood for Arizona and New Mexico.

Washington, Feb. 25.—The senate committee on interstate commerce today agreed to report a resolution asking that the committee be authorized to sit during the recess of congress and take testimony for the purpose of preparing some measure for the regulation of railroad rates.

A subcommittee consisting of senators Foraker, Kean and Carmack met immediately and drafted the resolution.

It provides that the full committee or quorum of the committee meets immediately after adjournment of the present session and at the convenience of the committee report to the next session.

In the Senate.

The senate began proceedings today by adopting a resolution reported by Mr. Lodge from the committee on rules, directing the sergeant at arms not to permit flowers to be brought into the senate chamber. The senate then took up the naval appropriation bill to secure at this time action on the provisions to which there is no objection.

The reading of the naval bill had not been completed when 10 minutes before 12 o'clock Mr. Beveridge was recognized to renew his motion for the appointment of the conferees on the joint statehood bill. There was at the time no objection to the motion, but Mr. Teller said that he would desire 15 minutes' time to state some facts which had recently come to his attention regarding conditions in the Indian Territory.

In the House.

After passing a number of bills the house sent the Panama canal bill, as amended, to conference, and began consideration of the sundry civil appropriation bill. Four hours for general debate was allowed.

NEGRO KILLS TWO WOMEN.

His wife and Mother-in-Law Are His Victims—Escapes Lynching.

Atlanta, Feb. 25.—When Frank Strong, a negro who lives at 57 Old Wheat street, was carried to the police barracks yesterday morning about 2 o'clock, covered with blood, and an ax, red with blood, was carried with him, he stood charged with one of the most brutal murders ever committed in the city. In fact, it will probably be a double murder, for his second victime now lies at the Grady hospital in a dying condition. The woman he killed was Ella Johnson, the mother of his wife, and the woman who is dying is his wife.

Strong assaulted the two women as they lay in bed together. He was angry because his wife had left home, and he went to the house where she and her mother were asleep and had with him a heavy and keen-edged ax which had recently been sharpened.

When he was near the bedside of the women he began to strike them on the head, in the face and about the body with his murderous weapon. The women screamed until their cries were silenced by the falling ax, which each time drank blood.

When the police arrived on the scene a crowd of angry negroes were preparing to lynch the murderer, and the officers had no little trouble in rescuing the prisoner.

At the police barracks, just after his arrest, Strong seemed to be dazed and he looked like a man who had been through some terrible ordeal, and was just recovering from its effects. When asked about his crime, he said in a disconnected way:

"Yes, I hit them with the ax. I just kept on hitting them until they stopped hollering. I did it because my wife didn't treat me right."

MISSISSIPPI CAPITAL MAY HAVE LYNCHING

Young White Woman Victim of Brutal Assault.

EXCITEMENT AT A WHITE HEAT

Governor Vardaman Orders Out Militia and Is Personally in Command. Mob Listened to His Appeal in Silence—Negro Church Is Burned.

Jackson, Miss., Feb. 25.—The excitement aroused late last night over the assault on Miss Mamie Marsh by a negro, continued today, its effect being heightened by the burning of a negro church early today.

The flames are believed to have been of incendiary origin.

A negro with blood on his clothing and scratches on his face has been arrested, and the police believe they have the right man. The negro has been put in the city jail, which is surrounded by the local company of militia, called out last night by Governor Vardaman.

It is thought the negro will be taken before Miss Marsh some time during the day, should her condition permit, for identification.

The city is apparently quiet, but there is much suppressed excitement.

While hundreds of white men are systematically searching the homes of every negro in the city, hunting for a negro man who assaulted the young white woman, with the avowed intention of burning him to death, Governor Vardaman is working hard to prevent a lynching in the capital of the state.

When the news of the crime reached him the governor sent his friends all over the town as emissaries of law and order, telling them to plead with every man they met to allow the law to take its course. Then he started on a personal campaign. Charging up and down the main street he expostulated with every group of men on the corners and used every argument at his command to induce them to disperse. The governor soon saw his efforts were likely to prove unavailing, and finally went with the rapidly increasing mob to the court house, where, according to rumors, the young woman's assailant was under guard.

The reports were unfounded but the mob refused to believe the sheriff, and began making demonstrations.

Governor Vardaman, after instructing the sheriff and his deputies to defend the prisoner to the last, if he should be brought to them, mounted the steps and began an impassioned address. He declared the lawp rovided fit and proper punishment for the crime in question, assure the citizens of Jackson that there would be no delay in carrying into effect, and pleaded with them to allow the law to take its course.

The governor offered to pay $500 for the arrest of the negro, provided he was delivered alive to the authorities. His appeal was listened to in silence.

The local military company has been ordered out and under the governor's personal direction will be used to protect the prisoner, if he is captured.

Miss Mamie March was going home from the state house when she was seized from behind by a negro and dragged into a yard of a residence. She was beaten into insensibility and may die from her injuries.

BRIDEGROOM HANGS HIMSELF.

His Sisterin-Law Laughed and Offered Him a Rope.

Altoona, Pa., Feb. 25.—Michael Fauroaix, a young baker, who had been married but a few months, hanged himself in his woodshed after a bitter quarrel with his bride and her sister. His brief marriage life had been rather stormy, and when he announced that he would hang himself his sister-in-law burst out laughing and got a clothes line, which she handed to him, telling him he could not do it too quickly.

Fauroaix declined the rope, but went out to the shed and, cutting enough strand of this from a frame half torn, made a rope and hanged himself to a rafter.

LETTER FROM MR. SCOTT.

While He is Housed in by Snow and Ice, He Longs for Gainesville.

Col. John H. Lloyd, who, with his good wife, is spending his eighteenth winter in this city and greeting his old-made friends every day, has received from C. W. Scott, at one time a resident of this city, but now of Warsaw, Ind., the following letter, which will prove of interest to those who knew Mr. Scott in this section:

"Through the columns of The Gainesville Sun, which I receive regular twice a week, I find you and Mrs. Lloyd are spending the winter among the best people on earth. How I envy you the pleasure! Since learning you were there I have been homesick for Gainesville and Gainesville people. How pleasant they make it for their friends; only those that have enjoyed their hospitality can appreciate. With sixteen inches of the 'beautiful snow' on the ground and at times the thermometer registering twenty degrees below, which has continued for over six weeks and looks good for six weeks longer.

"Alarm of fire just came in to the telephone office next room to where I am writing. I stopped long enough to see the fire department start out. Think of it! The hose cart and ladder wagon hitched behind two big sleds and going to the fire. Now you will never see such a sight in Gainesville. Better come up North where there is something doing out of the ordinary.

"Well, when I think of it, I would much rather be with you, Steenburg and Steckert hunting quails in my shirtsleeves or fishing out to the lake.

* * * * * * * *

"I see by The Sun that Mrs. Lloyd and yourself had the pleasure of a visit with Captain Callison out at the farm. Well, I know you had a good time, for the Captain knows how to entertain. I know from experience, for I have been fortunate enough to enjoy his hospitality. Give him my regards and if he will only come North this summer I will take pleasure in giving him a good time, and find him a wife if he will accept my kindly offices."

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

Lee Sherman, an alleged forger whom the officers have been after for some time, has been arrested at Dade City by Sheriff Sturkie, and is now safe behind the prison bars of the Pasco county jail.

The charge is that Sherman, who was formally a negro laborer, forged the name of F. J. Hammond, a merchant of Hawthorn, to a check. He did not succeed in having the check cashed, however, but the document was secured and Sherman made his escape.

Sheriff Fennell was notified of the arrest Saturday morning, and the same day Deputy Sheriff J. H. Granger went for the prisoner.

BIG COTTON SHIPMENT.

Dutton & Co. Sold and Shipped Several Hundred Bales Past Week.

The firm of Dutton & Co., who are among the most extensive cotton buyers in the State, are still engaged in the industry, notwithstanding that the ginning season has been closed for several months. The firm purchased and ginned a large number of bales during the season, a lot of which was held on account of the prevailing low prices. Several hundred bales have been sold on the rise of the market during the past week, however, and these were shipped to Savannah and Eastern markets.

Manager Robinson of the cotton department stated Saturday that the stock is now running low, only a few hundred bales being left of last season's crop.

Turkish Troops Mutined.

Constantinople, Feb. 25.—A battalion of 950 Turkish troops while on the way to reinforce the garrison of Yemen, Arabia, mutined on board the Greek steamer Epiros, seized and imprisoned their officers and compelled the commander of the Epiros to put back to Suez. Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Redeem Your Past Failures.

You may say that you have failed too often, that there is no use in trying, that it is impossible for you to succeed and that you have fallen too often even to attempt to get on your feet again. Nonsense! There is no failure for a man whose spirit is unconquered. No matter how late the hour or how many and repeated his failures success is still possible. The evolution of Scrooge, the miser, in the closing years of his life, from a hard, narrow, heartless money grubber, whose soul was imprisoned in his shining heap of hoarded gold, to a generous, genial lover of his kind, is no mere myth of Dickens' brain. Time and again, in the history of our daily lives, chronicled in our newspapers, recorded in biographies or exhibited before our eyes, we see men and women redeeming past failures, rising up out of the stupor of discouragement and boldly turning face forward once more.—O. S. Marden in Success.

TWENTIETH CENTURY CLUB.

Delightful Meeting Monday Afternoon. Fine Program Rendered.

The meeting the Twentieth Century Club on Monday afternoon, Feb. 20, was an occasion of much pleasure and benefit. The day being bright and warm quite a number were out.

After the regular order of business and some spicy discussion on various subjects of vital importance to our club work, we heard the report from the committee on the entertainment given a short time ago to help raise funds for our library. This report was very stimulating. For the benefit of all who may be interested in the work of our club we will say that our chief object just now is to take the first step towards laying the foundation for the establishment of a public library, a long felt want in our beautiful little city. Our club proposes to do all in its power to carry out, and if possible will succeed in the undertaking. We beg you to believe it is not by way of a spirit of boasting that we make this statement, but with a sincere hope that all public spirited citizens will lend us a helping hand.

The report of the library committee was quite encouraging. We find there are a number of really fine reference books, historical works, books on art and travel, several collections of standard works by best authors, with a number of other good books. We really have a nice beginning, with fair prospects of securing regularly the latest publications by good writers, which will be added to our collection. We look forward to a steady increase of interest for this work, and will be pleased at any time to have associate members for our library association. That is, anyone wishing to join can do so by paying the sum of one dollar per year. This will give them the privilege of the use of thee books on hand. Anyone wishing to take advantage of this most reasonable offer can do so by sending their name with the above named amount to Mrs. A. L. Foster, 408 West Main street, chairman of the Library Committee.

The literary program for the afternoon was then taken up. First on the list was a reading, an article from "The Clubwoman." This was followed by two very fine papers, which were appreciated and enjoyed by all present. Before saying good-bye to our charming hostess, it was decided that the club would accept Mrs. Stringfellow's invitation to meet with her Monday afternoon of Feb. 27th, this being the regular date of the fortnightly club meetings.

Sheriff Indicted for Peonage.

Montgomery, Ala., Feb. 25.—The grand jury in the United States court for the middle district of Alabama reported a number of true bills charging peonage and whitecaping. S. D. May, sheriff of Crenshaw county, who recently disappeared, was indicted for peonage. The jury investigated one lynching case, but failed to return an indictment. It is alleged that several witnesses were spirited away.

TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.

Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.

R. H. CHAPMAN.

1355 Mt. Vernon Ave.

"The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.

A JUDSON MARRIAGE.

The Jones-Swilley Nuptials at Judson Were of the Smartest Order.

Judson, February 24.—A very pretty wedding was celebrated last Sunday in our town, former Judge Ira J. Carter, a prominent merchant formerly of Judson, but at present established at Newberry, officiating.

The contracting parties were Mark T. Jones, a promising young man well known in this section, and occupying a position of trust in the mercantile establishment of Mr. Carter, and Miss Louise Swilley, one of Judson's bevy of charming young ladies, and the daughter of one of the best known farmers in our section.

The ceremony was performed at 12:14 p. m. at the residence of the bride's father, Franklin N. Swilley, the happy participants being surrounded by a large coterie of friends and well-wishers. The happy bride wore a very tasteful gown of cream silk, mingled with white trimmings, such an attire merely enhancing her natural beauty and charming demeanor. The groom looked handsome in his suit of black, and the parlor presented a pretty sight of merry faces and elaborate multy-colored toilettes.

Notary Carter went through the solemn task with his usual tact and at the end made an appropriate speech, sending the newly married couple on their new life filled with full consciousness of the all-important step.

All were invited into the dining room, where quite a repast was spread, consisting of chicken, beef, pork, wild ducks, cakes, fruit of all kinds, and many other eatables too numerous to mention.

Mr. and Mrs. Jones, after an informal reception, left for Newberry, where they will be at home to their friends, and we add our sincere wishes for their most complete happiness, and may all the world ever smile upon them.

MRS. CANNON THE WINNER.

Was Awarded Handsome Drop-Head Machine by Gainesville Furniture Co.

Mrs. E. E. Cannon of 506 East Church street was the winner of the handsome drop-head sewing machine, which was given away by the Gainesville Furniture Company. Ticket No. 347 being the lucky number.

The drawing was conducted in a most legitimate and systematic style. The box containing the four hundred and ninety-one duplicate stubs was thoroughly shaken up by Willie Littledale, and Dr. J. H. Alderman, blindfolded, placed his hand into the box and drew the number.

The machine is a Red Cross, and is one of the handsomest seen in this section. Naturally Mrs. Cannon is very proud of her good fortune.

COMPLIMENTS DR. KELLEY.

State Superintendent Holloway Well Pleased With His System.

Hon. W. M. Holloway, State Superintendent of Schools, who has been in this city for the past few days on a visit to his family and on official business, returned to Tallahassee Saturday.

Prof. Holloway, who was inaugurated into his responsible office in January, began active work at once, and has visited and inspected many schools throughout the State.

"I am pleased to see everything working so satisfactorily along educational lines in Alachua county," he said. "Dr. Kelley is a fine educator and a systematic manager, and the plans as laid out by him I note are working admirably. I heartily endorse the County Teachers' Institute, which will be held in the auditorium of the Gainesville Graded and High School on March 9, 10 and 11, and feel that it will prove a great benefit to the white teachers of the county, to whom the institute will be opened."

Prof. Holloway states that Dr. Kelley extended to him a special invitation to be present at the institute, which he fully appreciates. A number of prominent educators throughout the State have been invited, and many may respond. A delightful and interesting program has been arranged for the occasion.

JUSTICE BELL ILL.

Was Suddenly Affected and Fell Upon the Streets of Alachua, Saturday.

Parties arriving in this city from Alachua Saturday brought the information that Justice E. E. Bell, while walking along the street at an early hour Saturday morning, suddenly became affected with a peculiar disease, reeled, and fell upon the street. Assistance came immediately, some person in the immediate vicinity having witnessed the incident.

Justice Bell was taken to his home and a physician summoned, and it is said that after he had been placed in bed another attack followed. The physician in attendance was at a loss to understand what the attack might be. While the effect is something very similar to heart trouble, it is said the heart was strong, and there was no weakness or trouble in this direction.

The numerous friends of the patient trust that he will soon recover.

Mrs. Chadwick on Stand.

Cleveland, Feb. 25.—Mrs. Chadwick when placed on the stand in the bankruptcy proceedings against her today before Referee Remington, refused at first to be sworn. After a consultation with her attorneys she finally consented to take the oath. She was then asked to state her name. She refused to reply to this or any other questions that followed.

G. W. HYDE'S "BIG STORE"

They Were Harmless.

In her book on the poet Whittier, Mrs. Claflin relates the following anecdote: An old Quaker friend visited Mr. Whittier. He was a bachelor, and when the hour for retiring came he was shown to his room. Soon after he was heard calling from the top of the stairs in an excited tone: "I think thee hast made a mistake, Friend Whittier. I find female garments in my room!" At which Friend Whittier replied: "Thee'd better go to bed. The female garments won't hurt thee."

What Tact Is.

What we call tact is the ability to find before it is too late what it is that our friends do not desire to learn from us. It is the art of withholding on proper occasions information which we are quite sure would be good for them. —S. M. Crothers.

AN ADVERTISING THOUGHT.

The business man who waits for trade to open up and then catch it by advertising, is like the mill man who waits until the rush of water comes and then tries to put in his dam to hold it. Put in your ad. to be ready and work up trade.

The members of the Legislature will go to Tallahassee with fear and trembling, as their actions will be watched by the eagle eye of The Florida Sun.

If people had to sit on as uncomfortable seats at a church as at a circus how they would roar. This is one of the things that proves the influence of mind over matter.

The Wheaton (Kan.) Exponent editor is evidently a good business man. At the top of his paper he carries this line: "In God we trust—those without baggage must pay in advance."

Under the Belgium law unmarried men over twenty-five have one vote, married men and widowers with families have two votes, and priests and other persons of position and education have three votes.

Doctors should wear white clothes as it is said that contagious germs emanating from the sick find easy lodgment on dark clothes, and the physician is liable to carry them from one patient to another.

The Lewis and Clark Centennial Exposition at Portland, Oregon, has got its press bureau in working order, and the newspapers of the land will be supplied with "exclusive" matter enough to permit the country editor to go fishing four days in the week and keep the "devil" busy all the time he is absent.

STATE IMMIGRATION BUREAU.

On the eve of the convening of the Legislature of Florida The Sun would like to see a discussion of the practicability and advisability of the establishment of a bureau of immigration in this State. From what was said in reference to this public question a few weeks since at a meeting of real estate agents in Jacksonville it is evident that there will be up for consideration at the next session a bill seeking to establish such a department of government.

Reasons are assigned why a bureau of immigration ought to be established in Florida. They are all good claims, intelligently advanced in the interest of what Florida has been needing for no little time. The only difficulty discernible at this time, and the only argument which has been made against a competent appropriation for this work, is that the scheme will get into politics and work more harm than good by creating a spirit of rivalry and jealousy between the sections. This, however, can be obviated if the legislators rise to the point of patriotism and pride in their State and enact a law which would debar politics or prevent injury through Florida's variety of political agaitation and strife.

What is needed is some plan whereby people may not only be induced to come to Florida, but be guided and directed after their arrival. The reasons for this are obvious. Too many people come here from the North who are misguided and who are not sufficiently informed to intelligently take advantage of the many resources that this State has to offer to the home-seeker. The failure of the State to look after this class cost Florida hundreds of thousands of dollars this winter. Never has there been such a tide of travel southward as that which has come here this fall and winter. Thousands have come to Florida, and they have constituted a class anxious to locate if they could do so to advantage. Thousands have returned home because there were none to direct them after their arrival here and because they were unable to grasp the advantages which the State had to offer, or even see anything of advantage for them here.

This winter it has been a constant story of disappointment to intended investors and settlers. They have come, found nothing and returned, all because the State has made no provision to acquaint them with her resources. Every section of this State during the fall and winter months, when the railroads are bringing people by the thousands at half rates, needs a competent man to take charge of these people, and some place where intending settlers may go, for information and proper direction. Nothing of the visionary sort, such as is seen in some of our exaggerated advertising matter scattered broadcast, is wanted, but a good, competent, truthful and careful system of propagating needed information is one of the greatest essentials to Florida's future development.

The time is coming when this State will need settlers for her farms which must ultimately take the place of some of the industries at present furnishing the greatest wealth to the State, but which will pass away in time. The time is ripe for action along these lines, and the press of Florida ought to agitate the matter in the interest of bringing about an intelligent understanding and the best practical plan.

The South is fast gaining on their Northern neighbors in all lines of factory work. A few days ago a number of top carriages were on exhibition in this city, made in Georgia, that were finished as well as anyone could wish. Our own city factories turn out fine work in the vehicle line, and we can get the best if we patronize home industries.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The law compelling the compounders of proprietory or patent medicine concerns to publish their formulas can work them no injury, and the J. C. Ayer Company of Lowell, Mass., comes out with their Sarsaparilla formula with promptness. Such standard remedies, which have been before the public for more than a generation, cannot be injured by so doing. People who read the formula and are familiar with the virtues of the ingredients will have more faith than ever in the virtues of the medicine. Nostrums may suffer while reliable medicines will receive a benefit.

Twice a year 80,000 men and boys scattered from one end of England to the other must be fitted out with new clothes. These are the employes of the postoffice department, and it is no small task to provide these garments, to say nothing of making sure that each is well fitted. The department uses 287 miles of cloth, 303 miles of lining, besides 3,000,000 or 4,000,000 buttons and the other things which go into the making of a garment.

The railways in the North are beginning to get thawed out. On a branch line of the Michigan Central Railway a train was fast in the snow nearly a week. We can feel very grateful that we are in Florida, even if the fire in the grate has to be kindled in the evening.

A Pittsburg man was very much wrought up because the preacher was smiling and happy while performing the marriage ceremony, while he himself was nervous and white as a sheet. That was plain enough—it was all profit and no risk to the parson.

Waiting for something to turn up always ends in disappointment, because the something in question is waiting to be turned up, and two "waits" balance each other and produce a "deadlock." In other words, "there is nothing doing."

NEWS OF THE WEEK IN GAY MELROSE

That Lively Town Was Never Favored With More Visitors.

THE SEASON IS A GAY ONE

Social Life in the Jolly Village is at Its Heighth and Many Delightful Functions Being Held—Military Euchre by Mr. and Mrs. Remmel.

Melrose, Feb. 25.—Melrose has never been so full of visitors as this season, every rentable cottage being taken. In consequence there is a great deal of social life going on.

Among those entertaining friends at cards were Miss A. Hamlyn on Monday afternoon, Miss A. M. Darlington on Tuesday afternoon, Mrs. J. D. Johnson on Thursday afternoon.

Mr. and Mrs. J. A. Remmel gave a military euchre at the Ladies' Hall on the evening of Washington's birthday. The hall never presented such a glorious appearance. Flags and banners of every size decorated the walls, a magnificent national flag entirely covering one end of the room. Smaller ones waved over each fort and strings of tiny ones were hung from the ceiling, from the center of which also radiated long streamers of the national colors, the effect being carried out even to the lamp shades and table decorations. It certainly was a patriotic and beautiful scene, a fact which was fully appreciated by the many Britishers present. On arrival, each of the guests was presented with a pretty badge consisting for the ladies of a portrait of George Washington on a gold ground attached to a bow of tri-colored ribbon. The gentleman's badge was a little gold hatchet, on a similar ribbon. After enjoying an elegant oyster supper, Mr. J. A. Remmel read by request an original poem on George Washington, which was much applauded. At the conclusion of the recitation all joined in singing a verse of the "Star Spangled Banner." Play commenced at 8 p. m. at thirteen tables representing the original thirteen States, each table holding a fort named after some prominent general of that period, like Schuyler, Lafeyette, Lee, etc., the winning couple adding a small flag to the larger one on the fort. The game ended about 11 o'clock, when the winners of the very handsome prizes were announced. They were: Mesdames S. Billam, E. M. King, H. Tolles and J. Paxton, and the following gentlemen: S. Billam, C. P. Kinsella, H. von Luttichau and Dr. Paxton.

So ended a most successful and enjoyable evening, each departing guest assuring their host and hostess of having had a most delightful evening.

A jolly crowd of twelve ladies will leave here to-morrow for a short trip to Palm Beach.

The many friends of E. H. Joyner were shocked to hear of his death by heart failure on Monday morning. He was found dead in bed by his son-in-law, A. Tonley. Mr. Joyner was one of the oldest settlers of Melrose, coming here from Georgia. He was buried on Tuesday morning with Masonic honors, being a member of F. and A. M. No. 89 of Melrose.

The orange trees in and around town are all beginning to show new sprouts and on some trees blooms are showing.

Mrs. M. Phifer of High Springs has been visiting her mother, Mrs. Canfield, for a few days.

At the regular meeting of the Ladies' Literary Society on Friday afternoon Mrs. J. W. Johnson's paper was on "The Influence of Folk Song on Classical Music."

Several transfers of real estate in town took place recently. Among them are the store and lot corner of Hampton and Park streets, to Simon Coward; part of lot corner Hampton and Bellamy avenue to S. R. Jenkins, and the H. Baldwin property, on Bellamy avenue and Quail street, to a Connecticut party.

W. Gibbons of Bayonne, N. J., is the guest of Mr. and Mrs. H. W. Hamlyn.

Charles Rogers of Live Oak was in town for a few days.

SPRUNG A SENSATION.

Evangelist T. J. Norsworthy Stirs Key West With Sensational Charge.

From The Times-Union of the 24th inst., Key West correspondence, it is noted that Rev. J. T. Norsworthy of Micanopy, who with Rev. S. M. Gordon of the same town, has been conducting a revival service in the Island City, recently sprung a sensation in that town which will require some time to get over. The Times-Union says:

"Evangelist Norsworthy, accompanied by Rev. Gordon, who has been delivering some very eloquent talks at Sparks Chapel, M. E. Church, met with an interruption that was entirely unexpected. This eminent preacher is a very eloquent talker, and his sermons are full of force. Sunday afternoon he was delivering a sermon to men only, and a very large attendance was there to hear him. In the course of his remarks he stated that he had been informed that the police department were paid off in scrip, and that the saloon keepers paid officers dollar for dollar for it, with the understanding that they could keep their barrooms open Sunday. Having stated that which is generally believed to be a fact, he asked the officers present to deny it if they could; state if they dare that his informant was a liar. After at least twice calling upon them to deny it, Officer Roland Curry rose to his feet and said: 'The man who told you so is a liar.' The preacher answered: 'You will have that to prove. Then why do you not close the barrooms on Sunday?' Receiving no answer, he continued: 'I do not say that you are guilty; you may be a good man and not to be blamed for the existing state of affairs, for if you have orders not to do a thing, you must obey.' The episode, according to the idea of some persons, has not yet ended, and in the very near future this question will be taken up and sifted to the bottom."

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists.

WEDNESDAY'S ATTRACTION.

Congress of Nations and "Ben-Hur" Will Entertain Gainesville People.

It would be hard to conceive of a more interesting entertainment than will be presented at Edwards' Opera House Wednesday night, March 1st. Also 109 scenes from "Ben-Hur." Wm. H. and E. B. Josselyn's "Congress of Nations" is an entirely new and original production, and the only attraction of the kind ever presented. It is a pictorial machine which, with the aid of two operators, produces automatically 815 actual photographic scenes 82 feet long and 35 feet high at each engagement, the entire world inside and out in two hours and twenty-five minutes, and is conceded by everyone the most beautiful and realistic achievement ever witnessed. It is an entirely new feature, invented and patented by Mr. Josselyn for his exclusive use only. It is the only attraction of the kind in the world.

TO WED HIS SECRETARY.

R. J. Reynolds, Richest Man in North Carolina, Selects a Bride.

Winston-Salem, N. C., Feb. 25.—R. J. Reynolds, the president of the R. J. Reynolds Tobacco company, and the wealthiest man in North Carolina, will marry Miss Mary Katherine Smith, who has been his private secretary for two years, at the home of the bride's father, Z. T. Smith, at Mount Airy.

The bridal couple will go to New York and sail March 1 for Europe. Upon their return they will reside in this city. Miss Smith, who is 24 years old, is highly accomplished and is the great grandniece of the late General Gaines.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

New York Pharmacists Will Join the National Organization.

New York, Feb. 25.—After conferring for some years overtures to become members of the National Association of Retail Druggists, the leading pharmacists of this city are reported to have decided to join that organization.

A general conference of representatives of various city pharmaceutical associations has been held to perfect plans for a New York branch of the national organization, to be formed in March, and by unanimous vote of the subcommittee of the conference a scheme of organizing the branch on the district plan has been approved.

Creosote Causes Lockjaw.

New York, Feb. 25.—Martha Helms 10 years old, after suffering intensely from tetanus, is dead at a Harlem hospital, the surgeons assert that the fatal lockjaw could be traced directly to some "toothache paste" which the child used last Saturday. They assert that the paste contained creosote which inflamed the girl's gums and being absorbed, so excited her sensitive nervous organization that tetanus resulted.

Dallas, Tex., Feb. 25.—A decision in connection with the Texas liquor traffic troubles was handed down by the state court of criminal appeals which decided that "drummers" for liquor houses outside of Texas may invade districts that have adopted local option prohibition and solicit trade for unbroken packages, and have the packages shipped into the local-option districts as interstate commerce.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Tea Houses In Japan.

In Japan nourishment is to be obtained by the traveler chiefly at the picturesque and omnipresent tea houses scattered all over Japan. When tourists stop at one of these places the "runners," who carry the jinrikishas, bathe their own feet and wash their mouths with cold water, after which they are served with their meals on the benches outside the tea houses. Their meal, which they eat with avidity, consists of salt fish, rice, pickles and a soup made of almost everything odious. After they have eaten they will smoke tiny pipes, with only three whiffs for each filling. Next comes the delicious nectar, world famed, and of this "cup which cheers, but not inebriates," foreigners also are always glad to partake. It is tea (cha) and when brewed by the Japanese is perfection. A pretty tea house girl presents it on a lacquer tray, bringing with it a china or bamboo charcoal holder and ash pot. —What to Eat.

The Story of a Famous Phrase.

All the world knows the remark of the governor of North Carolina to the governor of South Carolina, "It's a long time between drinks." The true history of this famous anecdote was told by a South Carolinian. It appears that the phrase was first heard at a political dinner when the governors of both North and South Carolina were present. The first governor had delivered a fiery political speech. The situation was intense when the turn came for the governor of South Carolina to speak. It seemed that any word the governor might say would complicate the situation. Even should he keep silent his opinion would seem clear. It was at this critical moment that the governor of the other Carolina rose and, inspired by a stroke of genius, remarked, "It's a long time between drinks." The absolutely noncommittal remark saved the situation.

ONE HUNDRED BODIES FOUND.

In Mine Near Birmingham and Three More Corpses In Sight.

Birmingham, Ala., Feb. 25.—Up to noon today 100 bodies of the victims of the explosion at Virginia mines last Monday had been recovered, eight having been brought out during the morning.

Three more corpses have been sighted, and it is believed by the rescuers who have been in various parts of the mines, which could be penetrated, that the total death list will run past 110. However, it will be impossible to reach all the bodies until the water is gotten out of certain parts of the mine. This will require several days.

The fearful odors arising from the dead bodies of men and mules in the mine continue to make the rescue work difficult. The latest bodies found showed that the men were lying flat on their faces, some of them with coats and shirts about their faces in a vain effort to keep off the black damp.

Today was another day of funerals at Virginia and other near-by mining camps.

Relief committees from Birmingham and Bessemer are actively at work among the sufferers from the disaster.

LET THE OLD MEN LIVE.

Michigan Professor Would Lengthen Instead of Shortening Life.

Chicago, Feb. 25.—President James B. Angell, of the University of Michigan does not subscribe to the statement that men lose their usefulness after they reach the age of 60 years. He has replied to Dr. William Osler, formerly of Johns Hopkins university, who recently declared that men when they reach the age of 60 years, should be chloroformed. Dr. Angell in an address at the annual banquet of the Chicago Alumni association of the University of Michigan, said:

"I would like to extend the time of a man's life instead of shortening it. The experiment of killing off old men has been tried in Africa for centuries, and I would suggest to the distinguished physician that civilization has not advanced very rapidly there."

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

FRENCH CONSCRIPTS.

Marked by Bad Clothes and an Absence of Baggage.

"They are a curious crowd," says a writer describing the conscripts of the French army, "these boys of twenty and of twenty-one, in various stages of sobriety, as they throng on to the platforms of the railway stations and, under the fire of gentle and superior sarcasm from the young men in uniform who have already done a year or two, climb into the third class cattle pens which are to take them to the threshold of their lives in barracks. The sons of wealthy men elbow the scourings of the street.

"All wear their worst clothes, except those who do not possess a second suit. The chief peculiarity about the whole of them is an entire absence of luggage. A young friend of by own was one of them. His luggage for the two days of his first visit to Paris consisted of a comb and an extremely aged toothbrush, and before leaving Paris he asked me to keep his overcoat for him till he returned. 'They will only spoil it, and it is a new one,' was his plea.

"I counted the valises of a whole train load of conscripts who accompanied my friend, and they numbered exactly four. 'These four will have their lives teased out of them tomorrow,' was the verdict of a private under arms upon the platform."

Long and Short Letters.

Sherwin Cody in his "Training Course In Correct English, Business Correspondence and Advertisement Writing" lays down some rules as to the length of business letters. He says:

"Write a long letter to—

"A farmer.

"A woman.

"A customer who has asked you a question.

"A customer who is angry and needs quieting down and will be made only more angry if you seem to slight him.

"A man who is interested, but must be convinced before he will buy your goods.

"Write a short letter to—

"A busy business man.

"An indifferent man on whom you want to make a sharp impression.

"A person who has written you about a trivial matter for which he cares little.

"A man who wants only a record or a piece of information.

"A person who needs only the slightest reminder of something he has forgotten or overlooked."

Flattery and Flatterers.

"We sometimes fancy we hate flattery, when in truth it is the manner of it we dislike," said La Rochefoucauld. Stripped of its cynicism, the saying comes to this—that while praise is eternally pleasant there are fashions in flattery, and those fashions change very completely. Flattery is innocent or despicable, not according to whether or not it oversteps the limits of the accurate, but whether or not it proceeds from an interested or a disinterested motive.

There are moments when a true statement of honorific fact made for the selfish purpose of the speaker may be gross flattery, while an exaggerated speech may be justified by its good intention. The real question is not what was said, but why it was said. That is the only test by which we can divide the contemptible from the harmless kind. Surely there is less of the worse sort than there was, or do we but flatter ourselves?—London Spectator.

Our Congress.

When comparisons are made between America and continental Europe we can find much of which to be proud. Our growth, our wealth, our industries, our resources, our energy, all make flattering comparison with average European conditions. But I believe in making such comparisons there is no one thing of which we have the right to be more proud than of the congress of the United States. Better than any continental parliament, it represents the people. The one legislative body of the world that is in any way comparable to ours is the parliament of Great Britain. In character, intellect, methods, dignity and in the truthfulness with which each represents the people the British parliament and the United States congress stand in a class quite apart and above any of the parliaments of continental Europe.—Frank A. Vanderlip in Scribner's.

After a brief visit to this city, Rev. L. W. Moore has returned to his home in Ocala. His numerous friends here were glad to welcome him again, although many of them had to undergo the formality of a "re-introduction," Dr. Moore having shaven clean, which made a great difference in his personal appearance. The Doctor good-naturedly remarked that he was getting too homely, and wanted to improve his appearance. He looks ten years younger.

Another Candidate for Marshal.

While the remainder of the municipal ticket will be slow, with no interest, it appears that there is going to be a "hot old time" in the race for marshal, since there is a promise of three candidates in the field. While he has not expressed his intention to The Sun, it is supposed that Marshal Pinkoson will be a candidate for re-election. D. A. Robertson has announced his intention of running for the position, and, Saturday, Capt. R. A. Becker, who is also an aspirant for the honor, stated that he proposed to enter the race, and would make a formal announcement at the proper time.

Capt. Becker is well and favorably known to the people of Gainesville. He has resided with his family here for several years, being engaged for some time in the livery business. He has served upon several occasions as deputy sheriff.

Capt. Becker will have his card in The Sun in a few days.

M. W. of W. at Newberry.

W. E. Crozier, State organizer of the Modern Workmen of the World, has returned from Newberry, where on Friday evening he instituted a lodge of that order with a membership of fifteen.

The lodge began with most encouraging prospects, and it is confidently believed that it will be one of the strongest in the county. The following officers were elected:

Ira J. Carter, W. W.; J. D. Guthrie, N. W. W.; M. S. Lanier, J. P. W.; W. E. Hazel, P.; J. O. Siford, S.; J. D. Siford, G.; Dr. N. J. Barry, medical examiner; A. A. Burke, banker; W. T. Jones, I. S.; M. L. Fletcher, O. S.
